

# A family picnic inspired by Disney Pixar FINDING NEMO

## 1 Turtle wholemeal rolls

- Spread 4 wholemeal rolls with light mayo. Fill each with 1 slice of chicken
- Cut 1 baby cucumber in half widthways. Split 1 half lengthways for the head, and slice other half lengthways into 4 pieces for the legs
- Push slices into roll, arranging to form the head and legs, then dot 2 eyes onto head with an edible marker pen
- Repeat to make 4 'turtles'

## 2 Nemo satsumas

- Using a paring knife, score 2 circles 0.5cm apart into the skin around a satsuma
- Peel away the strip of skin between them with the knife
- Repeat on other side of satsuma, so you have 2 white bands to create the angel fish stripes
- Score a fin shape into each side, in the skin between the bands. Peel away so they stick out
- Glue 2 googly eyes onto one end, draw on mouth with edible marker pen
- Cut small slice from bottom of each so they can stand up unaided

## 3 Starfish yoghurt pots

- Spoon 400g thick Greek yogurt into 4 small plastic tubs
- Fill plastic bag with granola and bash with rolling pin
- Layer granola on top of yoghurt, as 'sand'
- Add 2 or 3 gummy fruit juice 'starfish' to each pot and store in the fridge

## 4 Seaweed skewers

- Cut ¼ cucumber into thick slices then cut out 'starfish' using a small star-shaped cutter
- Thread 'starfish' onto skewers alongside ½ a punnet of green grapes

## 5 Ocean bubbles

- Add blue food colouring to sugar-free lemonade, immediately replacing lid to avoid it fizzing over
- Decant into smaller bottles
- Add Nemo stickers if available

## 6 Cheddar shark's teeth

- Cut 75g cheddar into 3 thick slices
- Cut each slice into 3 rectangles, then cut each rectangle diagonally in half to make triangles as the 'teeth'
